F. No. 33-348/2016-NBA

Dated: 22-05-2019

To  
The Principal  
Sri Shanmugha College of Engineering and Technology,  
Pullipalayam, Morur (PO),  
Sankari (T.K.), Salem (D.T.)- 637 304,  
Tamil Nadu

**Subject:** Decision on representation against non-accreditation of UG Electronics & Communication Engineering program offered by Sri Shanmugha College of Engineering and Technology, Pullipalayam, Morur(PO), Sankari(T.K.), Salem (D.T.)- 637 304, Tamil Nadu.

This has reference to representation dated 05-04-2019 filed by you as per the order dated 20/02/2019 of Division Bench of the High Court of Judicature at Madras in Writ appeal No.467 of 2019 against the decision of NBA for not granting accreditation to UG Electronics & Communication Engineering program of your Institute, communicated vide NBA's letter of even number dated 18-10-2018.

2. The representation was considered by the Sub-Committee of AAC of Engineering of NBA in its meeting held on 21-05-2019. The recommendation of the Sub-Committee was considered by the Competent Authority in NBA. Based on the decision taken, accreditation status of the program is given in the table below:

Sl. No.	Name of the Program (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(3)	(4)	(5)	(6)
1.	Electronics & Communication Engineering	Tier-II	Accredited	Academic Years 2018-2019 to 2020-2021 i.e. upto 30-06-2021	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the competent authority, whichever is earlier

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The program has been granted accreditation for three years. Sri Shanmugha College of Engineering and Technology, Pullipalayam, Morur(PO), Sankari(T.K.), Salem (D.T.)- 637 304, Tamil Nadu should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above to be eligible for consideration by the concerned Committee in NBA for further processing of the accreditation status. This could entail further extension of accreditation or a revisit, as deemed appropriate by NBA Committees.

5. The accreditation status awarded to the program as indicated in the above table does not imply that the accreditation has been granted to Sri Shanmugha College of Engineering and Technology, Pullipalayam, Morur(PO), Sankari(T.K.), Salem (D.T.)- 637 304, Tamil Nadu as a whole. As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. If such an instance comes to NBA's notice, this will be viewed seriously. Complete name of the program(s) accredited, level of program(s) and the period of validity of accreditation, as well as the Academic Year from which the accreditation is effective should be mentioned unambiguously whenever and wherever it is required to indicate the status of accreditation by NBA.

6. The accreditation status of the above program is subject to change on periodic review, if needed by the NBA. It is desired that the relevant information in respect of accredited program as indicated in the table in paragraph 2, appears on the website and information bulletin of the Institute.

7. The accreditation status awarded to the program as indicated in table in paragraph 2 above is subject to maintenance of the current standards during the period of accreditation. If there are any changes in the status (major changes of faculty strength, organizational structure etc.), the same are required to be communicated to the NBA, with an appropriate explanatory note.

Yours faithfully,

**Subject: Accreditation status of programs applied by Sri Shanmugha College of Engineering and Technology, Pullipalayam, Morur (PO), Sankari (T.K), Salem (D.T)- 637 304, Tamil Nadu.**

Sir,

This has reference to your application I.D. No. 3864-07/07/2019 seeking accreditation by National Board of Accreditation to UG Engineering programs in Tier II offered by Sri Shanmugha College of Engineering and Technology, Pullipalayam, Morur (PO), Sankari (T.K), Salem (D.T)- 637 304, Tamil Nadu.

2. An Expert Team conducted on-site evaluation of the programs from 14<sup>th</sup> to 16<sup>th</sup> February, 2020. The report submitted by the Expert Team was considered by the concerned Committees constituted for the purpose in NBA. The competent authority in NBA has approved the following accreditation status to the programs as given in the table below:

Sl. No	Name of the Programs (UG)	Basis of Evaluation	Accreditation Status	Period of validity	Remarks
(1)	(2)	(4)	(5)	(6)	(7)
1.	Computer Science & Engineering	Tier II	Accredited	Academic Years 2020-2021 to 2022-2023 i.e. upto 30-06-2023	Accreditation status granted is valid for the period indicated in Col.5 or till the program has the approval of the competent authority, whichever is earlier
2.	Mechanical Engineering		Accredited		

3. It may be noted that only students who graduate during the validity period of accreditation, will be deemed to have graduated with an NBA accredited degree.

4. The programs have been granted accreditation for 3 years. Sri Shanmugha College of Engineering and Technology, Pullipalayam, Morur (PO), Sankari (T.K), Salem (D.T)- 637 304, Tamil Nadu should submit the Compliance Report at least six months before the expiry of validity of accreditation mentioned above to be eligible for consideration by the concerned Committee in NBA for further processing of the accreditation status. This could entail further extension of accreditation or a visit, as deemed appropriate by NBA Committees.

5. The accreditation status awarded to the programs as indicated in the above table does not imply that the accreditation has been granted to Sri Shanmugha College of Engineering and Technology, Pullipalayam, Morur (PO), Sankari (T.K), Salem (D.T)- 637 304, Tamil Nadu as a whole. As such the Institution should nowhere along with its name including on its letter head etc. write that it is accredited by NBA because it is program accreditation and not Institution accreditation. ## AUDIT SUMMARY REPORT

### Audit Conclusions

#### Audit Highlights (Positive Findings)

1. Management has initiated key processes in the form of circulars (e.g., Placement drives, Managing Events, Seminars and Conferences etc)

#### Audit Low lights (Major Nonconformance)

- NIL

#### Audit Low lights (Minor Nonconformance)

1. Quality Policy
  - a. Quality Policy is not displayed in the campus. However College Website has the updated Vision, Mission and Quality Policy.
2. Quality Objectives
  - a. Quality Objectives measure details like academic performance, attendance performance is available at departmental levels. However management level objectives such as faculty development program initiatives, students participation in entrepreneurial activities, participation in community welfare (e.g. campaign, road march etc) needs to be updated. Action Plan to meet the quality objectives are to be developed.
3. Training
  - a. Faculties have attended the ISO awareness training program for ISO 9001 2015 is to be kept in the training file.
4. Process in the form of circular- organizing events (seminars, conferences) requires
  - a. Arrangements are to be made atleast 2 months in advance
  - b. Student volunteers should be fixed at the earliest
  - c. Department visitor's book to be maintained for Departmental activities alone
5. Mechanical Lab – Product realization
  - a. The following documents (records) were not found in the Department file.
    - i. Department minutes – current semester minutes not available
    - ii. 2017 Lab Manuals

**Annex- 2: - Action List**

**Major Nonconformity**  
 The failure to fulfil one or more requirements of the management system standard and the Agreement (Testing guidelines and standard terms and condition) results in a major non conformity. It could also be a situation that raises significant doubt about the ability of the client's management system to achieve its intended outputs. The rules are as follows:  
For The closure of Major N/C's, client must identify & implement:

- Cause analysis by the client
- Correction
- Corrective Action
- Correction and Corrective action response, including cause analysis is required on or before the "C/A Due date" noted below. Requests for extension to the identified due dates should be directed to the Lead auditor.

 Time frame: 60 days from the DUE DATE of the audit.

Clause Number	Process	N/C Type	Description of non-conformity MUST include: Requirement, Nonconformity Statement, and Objective Evidence	C/A implementation Date	Cause Analysis of the company (may reference attached internal corrective action)	Correction and Corrective action of the organization (may reference attached internal corrective action)	N/C Corrected	C/A Implemented	C/A Effective
		Major							
		<input type="checkbox"/>	Nil						

Minor Nonconformity		<p>Isolated non-fulfilment of a requirement that is otherwise properly documented and implemented (non-systemic). A number of minor nonconformities against one requirement can represent a total breakdown of the system and thus be considered a major nonconformity. The rules are as follows:</p> <p><u>For The closure of Minor N/C's, client must identify &amp; implement:</u></p> <ul style="list-style-type: none"> <li>• Plan for correction</li> <li>• Plan for corrective action / how to prevent Recurrence of deviation)</li> </ul> <p><u>Time frame: 15days from the date of the audit or within 90 days of the due date, whichever is earlier.</u></p>

**Guidelines for Corrective Actions**

The client can send Annex- 2 B signed on a hard copy or soft copy through an e mail.

The Lead Auditor must verify the statements in the reply from client for completeness with the aim of preventing the deviation from happening again.

Lead auditor must accept the CA / CA plan and put his signature as part of acceptance.

**Corrective Action Acceptance Guidelines:**

**Objective:** The objective of this section is to provide criteria for the development and acceptance of responses to corrective action in a effective manner. These guidelines apply to all standards (OHS and EMS) which apply to both TUV auditors and audited organizations so as to help them understand how nonconformities must be addressed.

**1. Was Correction to eliminate existing nonconformity completed?**

Describe the appropriate actions along with objective evidence taken under "Correction of Nonconformity." (for example, Completed missing internal audits; Conducted supplier evaluations; Segregated nonconforming material, etc.)

**2. Have the appropriate causes been identified?**

Consider the following:

- what caused the actual nonconformity
- what allowed the problem to occur without being detected internally
- what part of the organization's processes failed to address this issue or is the organization lacking a specific process, method.

The cause shall not be a repeat or rewording of the nonconformity statement or the objective evidence.

**3. Has corrective action been determined for each identified cause?**

Each cause must have an identified action that eliminates / addresses the specific cause(s) and prevents recurrence of the nonconformity.

**4. Has appropriate evidence been provided to verify that actions taken have been implemented and are effective?**

Management Service

An audit cannot cover each and every detail of the management system. Therefore, there may still be nonconformities not addressed by the auditors in the closing meeting or the audit report. Audit results are always evaluated on the basis of the following classification:

<b>Nonconformities (NC):</b>	<p>Failure to fulfill one or more requirements of the management system standard or a situation that raises significant doubt about the ability of the client's management system to achieve its intended outputs. (Classification: <b>Major nonconformities</b>).</p> <ul style="list-style-type: none"> <li>• Corrections (immediate solution) of the audit finding are to be implemented</li> <li>• The causes of the identified nonconformities shall be analyzed</li> <li>• <b>Corrective actions for the causes of the nonconformities shall be effectively implemented prior to the decision on certificate issue/renewal</b></li> <li>• The auditor generally verifies the effectiveness of corrective action in an on-site re-audit unless verification is possible on the basis of submitted new documentation.</li> </ul>
<b>Minor nonconformities (MIN):</b>	<p>In individual cases some of the requirements of the management-system standard are not fulfilled completely. However, this does not jeopardize the effectiveness of the management-system element (chapter of the standard). (Classification: <b>Minor nonconformities</b>).</p> <ul style="list-style-type: none"> <li>• Corrections (immediate solution) of the audit finding are to be implemented</li> <li>• The causes of the identified nonconformities shall be analyzed</li> <li>• <b>The lead auditor is to be informed of the intended corrective actions for the causes of the nonconformities within 14 days prior to the decision on certificate issue/renewal</b></li> <li>• The lead auditor evaluates the submitted corrective actions and confirms acceptance thereof. The implementation of the corrective actions will be verified in the next audit.</li> </ul>
<b>Opportunities for improvement (I):</b>	<p>Aspects that would lead to management system optimization with respect to a requirement of the standard. (Basic requirement for the identification and recording of opportunities for improvement is that the requirements of the standard regarding the process element have been fulfilled but that there are still areas for potential improvement of system effectiveness and efficiency. Implementation by the organization is recommended.)</p>
<b>Positive aspects (Pi):</b>	Positive aspects of the management system meriting special mention

All elements of the standard in each clause of the standard were found to be "in conformity/effective" except for those elements of the standard for which this action list includes nonconformities or minor nonconformities.

Management Service

**General**

If Minor nonconformities identified in the last audit are not closed in an acceptable manner, they must be rated as Nonconformities (re-audit required).

**Information on findings management in sampling and multi-site certification**

The management representative of the central office must check whether systematic corrective actions to close a root cause can be applied in a preventive manner to other affected sites. This is required for findings from internal and external audits.

In sampling certification, the TMS auditor will select and audit other sites in the next audit cycle and consequently cannot verify on site the effectiveness of the corrective actions from the last audit cycle.

Given this, during the next internal audits carried out at the sites concerned, the management representative of the central office must verify on site the effectiveness/acceptance of the corrective actions taken to address **Nonconformities**, **Minor nonconformities** and **Opportunities for improvement**, if any.

The results must be recorded and submitted to the TMS auditor at the next audit to ensure the auditor can verify the effectiveness of the corrective actions initiated.

#### Guideline for Corrective Actions Acceptance

**Objective:** The purpose of this section is to provide a consistent set of criteria for the development, acceptance and implementation of corrective action responses. These guidelines apply to all standards on the basis of the ISO 17021 (i.e. QMS, EMS, AMS, ENMS). They are intended for TÜV-SÜD auditors and audited organizations to help them understand how nonconformities should be addressed.

##### 1. Was correction to eliminate existing finding completed?

Describe corrections for NC and MIN taken under "intended correction and corrective action".

e.g.: Completed missing internal audits, Conducted supplier evaluations; Segregated nonconforming material, etc.

Provide evidence that actions were planned, taken and are effective.

##### 2. Have the appropriate root causes been identified?

Consider the following:

- what caused the actual nonconformity (for NC and MIN) (occurrence of systematic failure)?
- what allowed the problem to occur without being detected internally?
- which part of the organization's processes failed to address this issue or is the organization lacking a specific process, method, etc.?
- is the nonconformity also applicable found in other sites (in case of multi-site and sampling certification)?

The cause shall not be a repeat or a rewording of the nonconformity statement nor of the objective evidence.

e.g.: apply the 5-Why method for root cause analysis

##### 3. Has a corrective action been determined for each identified root cause?

Each root cause must have at least one identified corrective action that eliminates / addresses the specific cause(s) and prevents recurrence of the nonconformity.

In the case of multi-sites and sampling certification, verify if the corrective action can be applied in other sites as well.

##### 4. Has appropriate evidence been provided to verify that actions taken have been implemented and are effective?

It is the responsibility of the organization to provide evidence of internal verification of the corrective actions, or a plan to do so. The Lead Auditor will provide due dates for submitting evidence of implementation. This could vary depending on the circumstances and standards involved.
